

3rd International Pan-Arab Critical Care Medicine Congress- Kuwait 2008
In Conjunction with 4th Kuwait Critical Care Conference.
Arraya Ballroom, Courtyard Marriot Hotel- Kuwait
5-8 November 2008

Pre-Conference Mechanical Ventilation Course & Workshops
5th November 2008

Introduction:

- Attendance is limited to *** attendees.
- Pre-registration is required. Deadline: October 31, 2008
- Registration fee is separate from the main meeting registration. (Registration include Lunch and refreshments)
- Approved for ***** CMEs.

Description:

This is a one day course and workshop conducted by a number of the renowned experts in Mechanical Ventilation both from the around the world in addition to the regional faculty. They will update participants on the current state-of-the-art thinking on mechanical ventilation. This course will include a review of basics of mechanical ventilation, review recent advances in the evidence-base strategies of mechanical ventilation, and provide hands-on workshops on newer technologies for providing mechanical ventilation.

Target Audience:

Physicians, Residents, Respiratory Therapist, Critical Care Nurse and/or other health professionals providing mechanical ventilatory support.

TIME	TOPIC	SPEAKER
8:00 - 8:30	Respiratory Failure	Dr. Zuheir Bashoty
8:30 - 9:00	Basics of Mechanical Ventilation and Initial Settings of Mechanical Ventilation	Dr. Niel Macintyre
9:00 - 9:30	Advanced Modes of Mechanical Ventilation	Dr. Amal Jubran
9:30 - 10:00	Lung Recruitment Strategies	Dr. Zuheir Bashoty
10:00 - 10:15	Break	
10:15 - 10:45	Mechanical Ventilation Waveform, Assessment and Analysis	Dr. Bashoti
10:45 - 11:15	Non - Invasive Positive Pressure Ventilation	Dr. Hasan Al Orainy
11.15 - 11:45	Complications of Mechanical Ventilation	Dr. Niel Macentyre
11:45 - 12:15	Weaning of Mechanical Ventilation	Dr. Amal Jubran
12:15 - 14:00	Prayer and Lunch Break	

Workshops

TIME	TOPIC	SPEAKER
14:00 - 16:30	Volume - Control Ventilation	Dr. Niel Macentyre
14:00 - 16:30	Noninvasive Mechanical Ventilation Techniques	Dr. Hasan Al Orainy
15:00 - 15:20	Prayer and Break	
14:00 - 16:30	Patient - Ventilator Interactions	Dr. Amal Jubran
14:00 - 16:30	Pressure - Control Ventilation	Dr. Bashoti
